A GRAND VIRGINIA DISCOVERY. SOME FOUR MONTHS SINCE, our excellent townsman,
NAPHTALI EZEKIEL, informed us 'hat he had prepared a
hair restorer with which he was experimenting upon his own
head, whose top was entirely bald. We saw him two days
boro', and immediately on the Sound opposite Bogue Inlet, since, and on the place so bald four months since, a fine crop of hair has sprung up with a vigorous growth. So convinced is Mr. FZEKIEL of the efficacy of his discovery that he has named it "THE INFALLIBLE VIRGINIA HAIR RESTORER." Mr. E. is about going into an extensive manufacture of an article which is destined to prove of anxious interest to our bald pated friends.—From Richmond Enquirer, December 12th, 1859.

This famous article can now be had of the principal Druggists. Those persons who desire a fine head of hair, have only to use the restorer according to printed directions on the bottle. Those who have any doubts of its efficacy, can have them removed in a short time, by using the INFALLI-BLE VIRGINIA HAIR RESTORER, proving that it is all

POVER AND AGUE, m which mankind suffer over a large part of the globe the consequence of a discared action in the system, induced the poisonous miasm of vegetable decay. This exhaion is evolved by the action of solar heat on wet soil, in rises with the watery vapor from it While the sun is w the horizon this vapor lingers near the earth's surface, the virus is taken with it through the lungs into the blood. re it acts as an irritating poison on the internal viscera and excreting organs of the body. The liver becomes tor-pid and fails to secrete not only this virus, but also the bile the circulation, and produce violent constitutional disorder. The spleen, the kidneys, and the stomach sympathize with the liver, and become disordered also. Finally, the instinct of our organism, as if in an attempt to expel the noxious infuentrates the whole blood of the body in the internal exerctories to force them to cast it out. The blood leaves violence. This is the CHILL. But in this effort it fails,-Then the PRVER tollows, in which the blood leaves the cen- able as a stand for a Store, Distilleries, &c. tral organs and rushes to the surface, as if in another effort to expel the fritating poison through that other great excretory-the skin. In this also it fails, and the system abandons the attempt exhausted, and waits for the recovery of strength to repeat the hopeless effort another day. These are the fits of paroxysms of Fever and Ague. Such constitutional distreer will of course undermine the health if i

is not removed We have labured to find, and have found, an antidote. AYER'S AGUE CURE, which neutralize this malarious poison in the blood, an stimulates the liver to expel it from the body. As it should so it does cure this afflicting disorder with perfect certainty. And it does more or rather does what is of more service to those subject to the infection. If taken in season it expels it from the system a it is absorbed, and thus keeps those who use it free from its attacks; keep- the system in health although exposed to the disease. Consequently it not only The attention of Physicians is especially called to the cures, but protects from the great variety of affections which are induced by this malignant influence, such as Remittent Fever, Chill Fever, Duab, or Masked Ague, Periodical Head-ache, or Billious Headache, Billious Fevers, Neuralgia, Rheumatism, Gout, Blindness Toothace, Earache, Catarrh Asthma Paipitations, Painful Affections of the Spleen, Hysteries, Col-, Paralysis, and Painful Affections of the Stomach and Bow els, all of which, when arising from this cause, will be found to assume more or less the intermittent type. This "AGUE CURE " removes the cause of these derangements, and cures

This it accomplishes by annulating the excretories to expel the virus from the system; and these organs by degrees become habited to do this their office of their own accord.— Hence arises what we term reclimatation. Time may accomplish the same end, but ofen life is not long enough, or is sacrificed in the attempt, while this " AGUE CURE" does it at once, and with safety. We hear from a private source that the recent storms of rain and wind have done great damage to the Wheat and Corn crops of Chatham and Moore. In some portions of those Counties the fall of rain was so great as to remove several bridges, one of which was from over the Creek known as Tic Creek, and one over Bear Creek. We also learn that the Gulf Mill sustained some little damage from the overflow, and that they had to suspend operations for a few days.
